

Dear Parents,

We seek your support in permitting teachers the discretion to view suitable "PG" rated programs (i.e. "Parental Guidance Recommended") with the year 4/5/6 classes as part of their integrated units of work. There are many suitable PG rated programs that are an ideal teaching resource and every precaution is taken to ensure that content is scrutinized and discussed with children before viewing.

By signing the form below you are agreeing to the teachers making informed decisions on allowing children to view specific programs (for educational purposes).

This general permission form will eliminate the need for producing individual notices for each program viewed.

Such programs may include:

- Films
- Documentaries
- Instructional
- Infotainment

Please sign the form below and return it to school as soon as possible.

Many thanks,

Lisa, Darren, Lucy, Tess
4/5/6 Community Learning Teams
