3.0	Principal's Report, J Di Pilla	
	<p>Terre Verde Verandah. J Di Pilla advised that she had spoken to relevant members of the Department of Education & Training to inform them that School Council requires a solution to their concerns about the safety of the second floor balcony.</p> <p>Corrections. J Di Pilla advised that Buildings & Grounds have agreed to take on the coordination of the Department of Justice-Corrections Team. The Corrections Team will continue to work Saturday fortnights. Buildings & Grounds will arrange for the purchase of petrol and any other items from Bunnings as required by the Corrections Team.</p> <p>Safety of Playground Equipment. J Di Pilla advised School Council members that Buildings & Grounds have agreed to take on the role of weekly auditing of playground equipment - this will be conducted regularly by a sub-group of Buildings & Grounds.</p> <p>Planning for 2016. 2015 current enrolments 447. Projected 2016 enrolment numbers 470, assume actual of 460 or less. 35 students will depart from Grade 6, anticipate 66 incoming Preps. J Di Pilla advised that there may need to be an extra 123 and 456 LC to manage the large number of current Grade 3 students.</p> <p>Teaching positions will be advertised this week and a 12 month replacement will be sought for Drama/Music. J Powell is taking leave for 2016.</p> <p>Fence. The Nicholson Street Fence project is now complete. Final cost \$139,000, slightly more than expected, due to tree removal. BEPS has paid the contractors and the Department will transfer the remaining amount to the school shortly.</p> <p>Prep Verandah. J Di Pilla advised that the Prep Verandah project needs to be reassessed after 2016 Prep numbers have been finalised.</p> <p>3-way conference. Survey was distributed. 4.0	BEPS ANZAC Garden Proposal (7.15pm – 8.05pm)	
	<p>School Council members received the following documents electronically, as part of the agenda: BEPS ANZAC Garden Overview; BEPS Grant Application; ANZAC Brochure; BEPS ANZAC Archives; BEPS ANZAC Garden Design; Project Plan; Quote; and Letter of Support. Additional documents were circulated at the meeting showing potential garden layout.</p> <p>M Smart opened her presentation with acknowledgement and thanks for the enormous amount of work and support that has been provided by J Di Pilla. This project revolves around the application for a relevant Victorian Veterans Council grant for \$20,000 to undertake the large landscaping work required at the Nicholson Street fence. The project will take place over 3 years, with completion due in 2018. Consultation has already occurred with staff and students and there has been enthusiasm for the project, the next step will be wider community consultation. The garden is designed to spark discussion about social responsibility and contemporary understanding of war and not to glorify conflict - this aligns with the VVC's interest in peace and the pacifist spirit.</p> <p>A-M Pisani spoke to the design methodology. The garden is based on an open-ended play space with plenty of room for imaginative play and designed to enable a large number of students to use the space simultaneously. There will be no explicit war references, ie use of young trees to represent young soldiers, use of metal components to represent medals awarded. Students have been heavily involved in designing the space.</p>	
	<p>Discussion:</p> <p><u>Budget</u> The budget was clarified as \$20,000 from the ANZAC Grant and an additional \$20,000 from a combination of fundraising and grants over the next 3-4 years. An upfront contribution of \$5,000 from School Council demonstrates commitment to the project. The additional \$15,000 will be sought from Moreland Council, Trees4BEPS, and other fundraising events.</p> <p>The initial \$28,000 in 2016 would cover the earthworks and foundations. From this point forward the desirable elements will be constructed, supported by volunteers and working bees.</p> <p>The grant is due 3rd September and a decision is expected mid-November. Potentially the heavy equipment work could take place over the Dec/Jan or Easter school holidays.</p> <p><u>Immediate remediation of the area</u> Concerns were raised about the immediate safety of the area, as large sections have been cordoned off to protect the trees and branches that will be incorporated into the design at a later stage. It was requested that the branches and trees be consolidated and barricaded to secure the site and to allow access to the shaded area as summer approaches.</p> <p>Z Austin-Crowe agreed to discuss this action with Buildings & Grounds. School Council advised that they would support the engagement of professional contractors to manage the moving and securing of the tree materials.</p> <p><u>Access to the space:</u> It was confirmed that once the initial earthwork is completed the remaining work will be staged to allow as much play space as possible at any one time.</p> <p><u>Acknowledgement:</u> School Council acknowledged the incredible amount of research, design and work that has gone into preparing this grant submission and congratulated the team on their efforts.</p>	

	Closed Discussion:	
--	---------------------------	--

	<p>School Council noted that the space would need to be remediated regardless of the decision reached, and that this would be an expensive project. It was noted that a major concern was that the project not be seen as supportive of war, however, these concerns had been satisfactorily addressed by the presentation.</p> <p>School Council agreed that: they would like to see the project completed as expediently as possible; that there was money available through past and future fundraising efforts; and that as part of the process the site needed to be made safe immediately.</p> <p>School Council noted that P Malins had sent her support for the proposal via email.</p>	
	<p>Recommendation: That the School Council endorse the grant application to the Victorian Veterans Council (grant due 3 September) and approve the BEPS cash contribution of \$5,000.</p> <ul style="list-style-type: none"> • School Council noted that in approving this project they would be open to Project Management requests for additional funding to ensure: completion as quickly as practical; and, that materials were of the highest quality available. • School Council requested that the site be made immediately safe and more land be made accessible for student play. • School Council requested that they be kept regularly informed throughout this project. 	<p>Motion/s: M.1.“That the School Council endorse the grant application to the Victorian Veterans Council (grant due 3 September) and approve the BEPS cash contribution of \$5,000.”</p> <p>Moved: G Macdonald Seconded: K Aspinall Vote: Unanimously accepted Outcome: Motion Carried</p>
